
Cudy LT500E wireless router Fast Ethernet Dual-band (2.4 GHz / 5 GHz) 4G White

Model: LT500E

Manufacturer: CUDY

EAN: 6971690791896

Product Code: 975287

R1,334

Turn 4G into Internet for All

Share via Speedy AC1200 Wi-Fi

Dual-band WiFi allows newer devices to stream on the less congested 5 GHz band, while IoT and legacy devices can connect to the 2.4 GHz band, making your video chatting, 4K playback and light control feel as smooth as possible.

Share via Fast Ethernet

Share a stable wired connection for TV and PC. The LAN/WAN port can be configured as a WAN port, connecting to another ISP and enabling WAN failover if the SIM card is inserted in.

Easy Setup and Versatile Management

Easy to Use and Move

Insert your Nano SIM card and power up to get network instantly. No rigid subscription, nor complex wiring.

Network Redundancy

Set up the backup to make sure your surveilance and the rest stay connected even when WAN/WISP is down.

Client Management

Set a bedtime and a domain blacklist to regulate your children's online behaviour.

VPN Client and Server

Connect to VPN with WireGuard/OpenVPN/Zerotier/PPTP/L2TP protocols or host your own server at home/office.

Plug in a SIM Card to Enjoy the Network

Home

Plug and play easy-to-install WiFi for every home—no rigid broadband subscription is required.

Automobile

Provide decent networks for all devices on your road journey.

Surveillance
