MAXIMIZE EVERY MOVE

XG2737's hyper-responsive 520Hz high refresh rate ensures immaculate gaming and pristine video editing. Smooth, flawless visuals give you the advantage of accurately hitting your targets, time and again, no matter how swiftly they move. When every frame counts, you don't want to miss a thing.

*If you are using a system older than Windows 11, you must upgrade to Windows 11 version to unlock support for the 520Hz refresh rate.

STAY IN SYNC WITH THE ACTION

SYNC INTO VICTORY Become one with the game thanks to the integrated AMD FreeSync™ Premium and NVIDIA G-Sync Compatible technology. This synchronizes the monitor's refresh rate with your graphics card's output to minimize stutter and screen tearing, ensuring uninterrupted immersion during intense gaming sessions.

UNLOCK VIVID VISUALS

HDR10 takes image clarity to a whole new level, deliver ingenhanced dynamic range. Explore otherworldly realms, browse holiday shots, or indulge in action-packed movies brought to life with deeper contrast, richer colors, and crisper details.

VIBRANT CLEAR COLOR

XG2737's fast IPS panel caters for superior color performance, both in accuracy and brightness, so you can get your head in the game. Revel in life-like details while achieving incredible responsiveness. Paired with the monitor's wide viewing angles, you'll always have the best seat in the house.

REACT INSTANTLY

With a fast 1ms (MPRT) response time, you can react as fast as the action unfolds onscreen. Drift around corners with ease and aim with next-level precision.

SAFEGUARD YOUR EYES WITH Eye ProTech
