

TOSHIBA Nearline HDD 12TB 3.5inch SATA

Model: MG09ACA12TE

Manufacturer: TOSHIBA EUROPE

EAN: 4260557512975

Product Code: 975485

R12,550

The Toshiba MG09 Series hard drive is designed for durability and high-capacity storage, making it a suitable solution for data-intensive applications. It operates reliably around the clock, supporting a workload of up to 550 TB per year, and is engineered with a helium sealed-drive design to enhance its longevity. With a 12 TB capacity, it meets the needs of large-scale storage requirements, while its energy-efficient design ensures low operational costs. The drive also features advanced data security technologies, including Persistent Write Cache technology, to protect data integrity. Its 7200 rpm spindle speed and 512 MB buffer size provide fast and reliable performance, making it a smart choice for continuous operation environments.
