The HP 322ph monitor offers a sleek desktop display with a native resolution of 1920 x 1080, ensuring vibrant Full HD visuals. A 250 cd/m² brightness and a contrast ratio of 1000:1 enhance the viewing experience, while the anti-glare coating minimizes reflections for comfortable sight in various lighting conditions. With a wide vertical and horizontal viewing angle of 178 degrees, images remain consistent from different perspectives, making it suitable for collaborative workspaces or multi-user environments. Equipped with technologies such as Flicker-Free and Low Blue Light, this monitor caters to prolonged usage without causing eye strain. Its height and tilt adjustments allow for personalized viewing angles, while the three-sided borderless design maximizes screen real
