R1,077

The Natec Stingray 2 is a versatile keyboard and mouse set designed for seamless compatibility with both PCs and Android devices. With wireless connectivity, users can enjoy a clutter-free workspace, while the full-size keyboard layout ensures comfortable typing. The keyboard features multimedia keys for easy access to favorite functions and includes a numeric keypad for convenience. The mouse is equipped with an optical sensor and offers adjustable DPI settings for customizable sensitivity. Both devices combine to deliver a reliable and efficient user experience within a maximum operating distance of 10 m.
