

Acer P3251 Standard throw projector 2700 ANSI lumens DLP XGA (1024x768) White

Model: EY.K2301.001

Manufacturer: ACER

Product Code: 9822

R11,315 ~~R12,667~~

The diminutive Acer P3251 weighs just 1.2 kg (2.7 lbs.) yet packs leading projection technologies to deliver high-impact performance wherever you go. A special highlight is the Presentation To Go function, which allows media sharing via SD Card or USB drive directly from the projector. What's more, the P3251 presents radiant, lifelike visuals while leveraging power-saving technologies to conserve cost and resources.

Ultra-portable design, PC-less media sharing

Small and lightweight, the P3251 is easy to carry from client to client, maximizing the potential of your business. This projector also boasts the Presentation To Go function, which allows full access to photos, videos and music directly from the projector via the built-in SD Card and USB multimedia readers. The P3251 sports a classy gray-and-white color scheme, and the control pad is conveniently embedded in the top of the chassis, adding to this projector's streamlined look and practicality.

Prolific imagery for effective presentations

Advanced Acer ColorBoost II+ technology depicts optimal color balance and enhanced details, delivering more brilliant projection. XGA resolution shows sharp details even for fine print, while 2100 ANSI lumens brightness and a 3700:1 contrast ratio project crystal clear images in various sized venues.

Versatile installation and connectivity

The P3251 is DLP® 3D Ready, enabling a high refresh rate (120 Hz) to render a captivating 3D experience. In addition, an HDMI™ port delivers uncompressed digital signals and multi-channel audio for exceptional HD viewing. Loop-through and a D-Sub port mean another device can be connected to the P3251 for dual displays. And, the Installation Menu lets you quickly and easily set up your projector without having to wait for signal input.

Empowering usability

The Empowering Key provides one-touch access to Acer Empowering Technology tools, including the new-generation Acer eOpening Management, which helps you to create a customized startup screen. Acer SmartFormat technology offers complete multi-format support, delivering instant projection of wide-format content without complicated resolution settings.
