

Acer X1161 Standard throw projector 2500 ANSI lumens DLP SVGA (800x600)

Model: EY.K0101.032

Manufacturer: ACER

Product Code: 9825

R4,875 ~~R5,454~~

The Acer X1161 value projectors showcase highly detailed projection performance even on colored walls. Setting up is easy with handy installation utilities, and power-management solutions yield great energy savings.

Brilliant display

The SVGA resolution of the X1161 presents sharp, accurate details. Colors are vivid and natural with Acer ColorBoost II+ technology, 2500 ANSI lumens brightness, and 4000:1 contrast ratio. And ColorSafe technology prevents color decay to preserve the integrity of your images even after prolonged use of the projector.

Enhanced usability

The Empowering Key on the remote gives you instant access to quick customization of power, viewing and timer settings. The wall-color compensation feature enables accurate display of colors even when the image is projected on a colored wall. And with closed captioning, dialog and non-speech audio can be displayed as text to facilitate comprehension.

Presentation flexibility

With keystone correction up to 40 degrees, the X1161 displays images without distortion. And with auto ceiling-mount correction, a gravity sensor automatically detects that the projector is ceiling mounted and instantly adjusts image orientation.

Ecological functionality

Acer EcoProjection technology cuts power in standby mode from 5 W to 1 W, to conserve energy, that's up to 80 percent power savings! Other eco-conscious technologies include 4'000 hours of lamp life, a power-saving ECO Mode, and automatic shutdown after a pre-set period without signal input.
