HyperX Pulsefire Haste 2 S Silver Wireless Gaming Mouse

Model: 9B002AA

Manufacturer: HYPERX

EAN: 197961217421

Product Code: 987008

R3,356

Performance, Redefined

A new exotic just dropped. The HyperX Pulsefire Haste 2 S unlocks a whole new level of performance and style for your gaming setup by combining premium materials with competitive components. This is HyperX’s first mouse to use a solid magnesium-alloy shell which provides enhanced durability and structural integrity while keeping the operating weight low at only 64 grams. Adding to that maneuverability are the premium HyperX Glass Skates that provide near-frictionless movement across mouse pads. Our engineers also gave the Pulsefire Haste 2 S enhanced battery life so you can get up to 120 hours of use from a single full charge. Using standard USB 2.0 charging, this mouse can reach 80% capacity in just 50 minutes! Get 18 hours of power from just a quick 10-minute recharge. Whether you’re gaming on your desktop PC or taking the battle on the road, Pulsefire Haste 2 S can stay connected via the high-speed 2.4GHz USB dongle. Or switch to Bluetooth mode and connect to compatible devices, no USB ports needed. At the core of this mouse is the HyperX

26K Sensor capable of motion resolution up to 26,000 DPI, with four preset levels selectable using the top mouse button. Connecting to HyperX NGENUITY software enhances this mouse even further, adding customization options for DPI presets, RGB effects, and button remapping. The Pulsefire Haste 2 S is also NVIDIA Reflex validated, so you can connect to compatible monitors to assess system input latency and maximize your gaming performance.
