Dell Pro 5 14 is a professional business laptop that combines strong performance, enterprise manageability and a compact 14-inch design. The Series 3 Intel® Core? Ultra 5 332 vPro® processor delivers responsive performance for office applications, multitasking and AI-assisted workloads. Its integrated NPU delivers up to 46 TOPS of AI performance, enabling Copilot+ PC experiences and efficient local AI processing.

The aluminium construction gives the device a durable and premium design suitable for mobile professionals. Replaceable DDR5 memory, responsive SSD storage and modular components help extend the service life of the laptop and simplify maintenance. Intel vPro® provides advanced remote management and security features for business environments.

The bright 14-inch WUXGA display provides a sharp image, a practical 16:10 aspect ratio and additional vertical workspace. An 8 MP HDR IR camera with presence detection ensures clear video calls and supports secure Windows Hello authentication. Wi-Fi 7, Bluetooth 6.0, Thunderbolt 4 connectivity and optional 5G expandability provide flexible connections in the office and on the move.
