Product Code: 988330

R5,554

No matter how often you game or when you game, you always win with the Omni VX2428J. The triple certification of AMD FreeSync™ Premium, VESA Adaptive Sync, and VESA clearMR allows you to savor distortion-free gaming and enhanced clarity. The sharp frames and outstanding color performance are delivered by a fast IPS panel, while the VX2428J's high 180Hz refresh rate supports smooth visuals and minimal input lag. You may think it doesn’t get better than this, but it does. Not only will you get the job done — be it grueling gaming sessions, video and photo editing, or office assignments — you'll be working on a sleek, beautifully designed monitor.

MAKE TIME TO PLAY

UNINTERRUPTED PLAY

With great power comes great gameplay. You need to work, but there's more to life than that. With the rare triple certification of AMD FreeSync Premium, VESA Adaptive Sync, and VESA ClearMR technology you're equipped with anti-tearing and anti-blur technology, so you can enjoy lag-free action and sharp visuals, even in fast-paced games. This monitor has the power that gives you the edge, all day, all night.

MAXIMIZE EVERY MOVE

OMNI VX2428J’s hyper-responsive 180Hz high refresh rate ensures immaculate gaming and pristine video editing without needing to overclock. Smooth, flawless visuals give you the advantage of accurately hitting your targets, time and again, no matter how swiftly they move. When every frame counts, you don't want to miss a thing.

FULL SPEED AHEAD

Aim with precision and react at lightning speed with the OMNI VX2428J’s 0.5ms (MPRT) / 1ms (GTG) response time, serving you top-notch performances and seamless pixel transitions without smearing or motion blur. This secret weapon will have you in the lead as you grind the ladder of your favorite FPS, as well as make the most of every thrilling scene in films.

VIBRANT CLEAR COLOR

OMNI VX2428J’s fast IPS panel caters for superior color performance, both in accuracy and brightness, so you can get your head in the game. Revel in life-like details while achieving incredible responsiveness. Paired with the monitor's wide viewing angles, you'll always have the best seat in the house.

MORE DEPTH, MORE COLOR, MORE CONTRAST

With exceptional control over gamma adjustments offered by the latest HDR10, you access a whole new level of image clarity and unparalleled detail. Relish deep contrast, rich color, and vibrant details when exploring otherworldly realms, browsing holiday shots, or rewatching cherished movies.

IMMACULATE DESIGN, SLEEK ERGONOMICS

OMNI VX2428J offers more than meets the eye. Not only stylish and minimalist, the design is also ergonomic, so you can prolong productivity and playtime. Stay comfortable and in command — tilt, swivel, rotate, and adjust the monitor's height for improved viewing angles to suit your every move.

EASY ON THE EYE

In addition, blue light protection and flicker-free technology prevent eye fatigue, so you can lose yourself in the game, even when you've entered the twilight zone.

UNLIMITED CONNECTIVITY

Don’t choose between PC or console anymore. Experience the freedom that comes with multiple connectivity solutions, including two HDMI 1.4 ports and one DisplayPort 1.4, all supporting 180Hz refresh rate so you can have all your peripherals plugged in all at once. Jump from one to another without wasting a second on setup.
