When you need more room to move and faster reactions, White Shark NUNCHAKU delivers the perfect balance of compact design and high performance. The 60% layout with 68 keys frees up desk space, giving you greater control in fast-paced gaming scenarios. Hot-swappable mechanical red switches provide smooth, rapid actuation — ideal for competitive gameplay as well as comfortable everyday typing. With full anti-ghosting support and a 1000 Hz polling rate, every keystroke is registered instantly and accurately, without delay or compromise. RGB backlighting with 18 lighting effects lets you customize the atmosphere of your setup to match your style. Adjustable brightness and animation speed enhance its modern gaming identity, while gradient keycaps add a distinctive visual touch. Compact, durable, and reliable, NUNCHAKU features a Type-C connection and a 1.8 m detachable braided cable for stable performance and a clean desk setup. Built for speed and designed for longevity, with over 50 million keystrokes per key. For gamers who want more space, more control, and more style.
