Boasting a 48 TOPS NPU, this Copilot+ Mini PC delivers smart assistance to boost creativity, streamline workflows, and get more done.

Scalable Memory & Storage

This minicomputer includes up to 1TB SSD storage and 32GB LPDDR5X RAM—offering fast, flexible performance for multitasking and file-heavy workloads.

Small but Powerful

A true small form factor PC, this Mini PC fits any setup at just 13 × 13 cm, under 1 kg, and VESA-mountable to save valuable desk space.

Built-in Protection

Keep your device and data safe with a Kensington lock slot and optional fingerprint reader for secure, simple access.

Always Connected

Dual 2.5G Ethernet, Wi-Fi 6E, and Bluetooth® 5.3 provide reliable, fast connectivity for work, streaming, and more.
