Co-engineered in the heat of competition. From acoustic design to fit, Fnatic’s feedback shaped every detail for elite performance.

Superior noise isolation with sealed design

Our first sealed body and noise-isolating tips block out the world, whether it’s the noise of a tournament crowd or distractions at home.

Sound tuned for FPS.

By the pros.

With sound shaping by elite players, the INZONE E9 ensures you catch footsteps, reloads, and distant threats before they catch you. Tuned for total FPS awareness.

Virtual 7.1 surround sound experience

Advanced signal processing delivers virtual 7.1ch surround. Hear more of your surroundings, enabled via INZONE Hub and USB-C® audio box.

Clear sound with isolated audio processing

The USB-C® audio box enables 360 Spatial Sound for Gaming and EQ tuning—minimizing interference and keeping your focus locked in.

Superior sound for FPS accuracy

The custom acoustic design combined with 5mm drivers sharpens spatial detail. Hear footsteps, shots, and movement with clarity that supports fast, directional play.

Compact fit. Comfort in every size.

Stay focused, with a compact form that minimizes ear contact. Swap between noise-isolation or hybrid tips, in 4 sizes for all-day immersive and comfortable gameplay.

The low-profile design sits securely without pressure. Choose from four sizes of noise-isolation or hybrid eartips for all-day comfort.

Thin cables. Tournament-ready comfort.
Tournament-tested comfort. A narrow cable and small form reduce pressure even when worn under earmuffs, so you stay locked in when the crowd noise rises.

Easy-access carrying case

The case provides fast access to your gear, whether you're setting up or packing down, with organised storage for both the E9 and audio box.

Fine-tune audio with the INZONE Hub

Adjust your audio profile through the INZONE Hub software for PC gaming.2 Optimize EQ settings to suit your sound preferences and stay locked in on every play.
