When you immerse yourself in the ultra-large display of the Amazfit Bip 5, you'll understand why bigger is better.

Brimming with vibrant color, the high-resolution LCD touchscreen makes checking your data as fun as it is informative.

Lightweight & Stylish.

With the Amazfit Bip 5, you'll look just as smart and stylish when you're working out as you do when you're out on the town.

The super lightweight design will feel natural with pretty much any of your outfits, and the skin-friendly silicone strap is comfortable to wear all day and night.

Health-centered Zepp OS 2.0.

The Amazfit Bip 5 integrates the power-efficient and intuitive Zepp OS 2.0, which brings an even smoother user experience, longer health monitoring, and a rich ecosystem of downloadable mini apps and games.

A Huge Choice of Apps and Games.

Discover a rich ecosystem of mini apps, such as the Home Connect third-party app, ready for you to download and install or uninstall at will.

Make and Take Bluetooth Phone Calls.

Keep up with all the important people in your life while on the move.

Thanks to the built-in microphone and speaker, you can dial a number or answer an incoming call on the watch, via Bluetooth connection to your phone.

Your Own Personal Assistant.

Just raise your wrist and ask the Alexa voice assistant whenever you need to set alarms and timers, check the weather, control your smart home devices, create shopping lists, and more.

Morning Updates.

To help you start the day the right way, the watch can provide a clear summary of information when you wake up. You can even customize which content is included in your update.

Membership Cards.

Add membership and club card codes⁴ from your favorite stores to the watch via the Zepp App. Simply show the code on your display when it's time to scan, instead of searching through your bag or pockets for the right card.

Shortcut Cards.

Swipe right from the home-screen to quickly see all the information that's important to you. Event-related cards like an Alarm Clock will be displayed at the top, for easy viewing.

Over 120 Sports Modes.

Whatever kind of workout you prefer, you'll likely find a sports mode for it among the 120 built into the Amazfit Bip 5.

Accurate GPS Tracking.

The Amazfit Bip 5 supports four satellite positioning systems to help you track your GPS movement with precision during outdoor sports.

Sports Data

Broadcast.

Set the watch to read out your sports mode data in real-time via the watch's speaker, and you won't even need to raise your wrist to check your performance.

Virtual Pacer.

When you're using the Outdoor Running or Treadmill sports mode, set a pace target and see how you measure up.

Understand Specialized Workout Data.

Set the watch to read out your sports mode data in real-time via the watch's speaker, and you won't even need to raise your wrist to check your performance.

Share Your

Activity.

Thanks to a partnership between Amazfit and adidas Runtastic, your running routes and performance data can be synced⁹ to your adidas Running account, along with Strava, komoot and Relive - and even smartphone apps like Apple Health and Google Fit.

24-hour Health Monitoring.

With the Amazfit Bip 5, you can monitor your blood-oxygen saturation, heart rate and stress levels all day¹⁰, or even simultaneously test these three metrics in one easy tap, anytime you need a quick status check.

A Big Power-up.

Planning a trip?

The Amazfit Bip 5's long battery life can last up to 10 days with typical usage, so you can pack your bag with more fun stuff and less chargers.

Control Your Day, the Smarter Way.

Enjoy a huge selection of features that take care of the little things in life. You can even check your watch and phone notifications in the same place by swiping up from the home-screen.

Connect to the Zepp App.

Log into the Zepp App to check detailed health and exercise data, access the watch face and mini app stores, connect to your fitness app accounts, perform firmware updates for your watch, and more.
