R1,270

Norton 360 Standard

Multiple layers of protection for your device and online privacy – all in a single solution

Real-time Threat Protection

Advanced security with antivirus helps protect against existing and emerging online threats to your devices, and helps protect your private and financial information when you go online.

Secure VPN

Browse anonymously and more securely with a no-log Virtual Private Network (VPN). Add bank-grade encryption to help keep your information like passwords and bank account details secure and private.

Smart Firewall for PC or Firewall for Mac

Monitors communications between your computer and other computers and helps block unauthorised traffic.

Password Manager

Tools to easily generate, store and manage your passwords, credit card information and other credentials online – more securely.

PC Cloud Backup

Store important files and documents as a preventive measure against data loss due to hard drive failures, stolen devices and even ransomware.

SafeCam for PC

Alerts you to attempts to access your webcam and helps you block unauthorised access to it.
